

## **COOPERATIVE AGREEMENTS, PARTNERSHIPS AND ALLIANCES**

1. The Eagle Mountain Public Library enters into cooperative agreements, partnerships and alliances with other organizations, associations and government agencies when, in the judgment of the Board of Trustees, the following conditions exist:
  - A. The mission and goals of the organization, association or government agency are consistent with those of the Eagle Mountain Public Library
  - B. The arrangement results in a net gain in the quality or scope of service for the citizens served by the Library, while at the same time not having a significantly adverse impact on service to any clear segment of the Library's community
  - C. The cost to the Library does not cause significant resources to be diverted from other programs and services critical to the Library's mission and goals
  - D. The Library retains adequate flexibility to restructure or remove itself from the arrangement should the situation so dictate.
2. These standards apply to both the initial consideration of an arrangement and consideration for renewal of an arrangement.
3. Formal documents establishing cooperative agreements, partnerships and alliances will be reviewed by the office of the Eagle Mountain City Attorney, who will approve, disapprove or suggest modifications to the arrangements.
